OBJECTIVE

I want to succeed in a stimulating and challenging environment that will provide me with advancement opportunities. I want to excel in this field with hard work, perseverance and dedication. I want a highly rewarding career where I can use my skill and knowledge for organizational and personal growth.

EDUCATION

- **Master of Computer Application (Pursuing): 2023-25** Manav Rachna International Institute of Research and Studies
- **Bachelor of Computer Application: 2019-22** Babasaheb Bhimrao Ambedkar University

SKILLS

- **Technical Skills** - C | C++ | Java | Python | HTML | CSS | JavaScript | SQL.
- **Soft Skills** - Problem-solving | Communication | Creativity | Time Management.

WORK EXPERIENCE

- **Web Developer Intern in Octanet Services Pvt Ltd- (One Month Virtual Internship)**
Developed a web-based ATM simulation with GUI, implementing user authentication, balance checks, deposits, and withdrawals, utilizing SQL Server for database management during a one-month virtual internship.

PROJECTS

- **Online Discuss Form**
The Online Discussion Forum, built with ASP.NET and SQL Server, allows users to register, post questions, and share answers. It features organized categories, a search function, and sections for articles and discovery, providing a space for interactive discussions and knowledge sharing on various topics.
- **To-do App**
The Todo App is a streamlined Android application built with Java in Android Studio. It allows users to effortlessly manage tasks on the go, offering a simple and intuitive interface for creating, organizing, and tracking to-do lists efficiently.
- **Simple Landing Page**
The Simple Landing Page is a responsive web page built using HTML, CSS, and JavaScript, enhanced with the Scroll Reveal library for smooth animations. It provides a clean and visually appealing interface, perfect for showcasing content or products with engaging scroll-based effects.
